# REPORT ON REVIEWING THE INTERIM CONSOLIDATED FINANCIALSTATEMENTS 

To the Board of Directors
Sura Development and Investment Company.

## Introduction

We have reviewed the accompanying Interim Consolidated Statement of Financial Position for Sura Development and Investment Company as of June 30, 2018, and the related statements of interim consolidated comprehensive income, owners' equity and cash flows for the period then ended. The management is responsible for preparing and presenting the company's financial statements in accordance with International Accounting Standard No. 34 (Interim Financial Reporting) which is an integral part of International Financial Reporting Standards. Our responsibility is limited to issue a conclusion on these interim financial statements based on our review.

## Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor". This standard requires that we plan and perform the review to obtain Reasonable assurance as to whether the financial statements are free of material misstatement. Our review is primarily limited to inquiries of the company's accounting and financial departments personnel as well as applying analytical procedures to financial data. The range of our review is narrower than the broad range of audit procedures applied according to International Auditing Standards, Accordingly, Obtaining assurances and confirmations about other significant aspects checked through an audit procedure was not achievable. Hence, We don't express an opinion regarding in this regard.

## Conclusion

Based on our review, nothing has come to our attention that causes us to be believe that the accompanying interim consolidated financial statements do not present a true and fair view in accordance with International Accounting Standard No. 34.

## Emphasis of matter

1- On January 25, 2017 the court issued a ruling on case no. 200/2013, which was filed on previous Board of Directors Mr. Mutasem Al fauori and Fayez Al fauori are obliged to compensate Sura Development and Investment Company by JD $7,058,582$ for the damage and legal fees, as this decision by the court can be appealed.

2- The company has not registered its investment in the shares of Awtad for multiple investments (P.L.C), that was purchased upon the agreement of Amwal Invest and so the investment of JD $1,450,000$ has been reclassified as an account receivable to Amwal Invests on December 31, 2012, the ability of collecting this amount depends on Amwal Invests ability to payback. The Amman Court issued sentence on case no. 200/2013 dated December 25, 2017 of fine equal to the damage amount of purchasing Awtad shares according to the conducted agreement.

# SURA DEVELOPMENT AND INVESTMENT COMPANY (PUBLIC SHAREHOLDING COMPANY) 

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued) FOR THE SIX MONTHS ENDED JUNE 30, 2018 <br> (EXPRESSED IN JORDANIAN DINAR)

## 2. NEW AND REVISED STANDARDS AND AMENDMENTS TO IFRSs ISSUED BUT NOT YET EFFECTIVE:-

The following new standards and amendments to the standards have been issued but not yet effective and the Company intends to adopt these standards, where applicable, when they become effective.

New Standards
(IFRS) No. 9 - Financial Instruments
(IFRS) No. 15 - Contract Revenues
(IFRS) No. 16 - Leases

Effective Date
January 1, 2018
January 1, 2016

Board of directors of the company expects that the application of these standards and interpretations will not have a substantial impact on the Company's financial statements.

## 3.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## Basis of preparation

The interim financial statements have been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting".

The interim consolidated financial statement is presented in Jordanian Dinar, since that is the currency in which the majority of the Company's transactions are denominated.

The interim financial statements have been prepared on historical cost basis.
The interim statement do not include all the information and notes needed in the annual financial statement and must be reviewed with the ended financial statement at December 31, 2017, in addition to that the result for the six months ended in June 30, 2018 is not necessarily to be the expected results for the financial year ended December 31, 2018.

## Significant accounting policies

The accounting policies used in the preparation of the interim financial information are consistent with those used in the audited financial statements for the period ended 31 December 2016.

## Basis of consolidating interim financial statements

The consolidated financial statements incorporate the financial statements of Sura development and Investment Company (Public Shareholding Company) and the subsidiaries controlled by the Company.

# SURA DEVELOPMENT AND INVESTMENT COMPANY (PUBLIC SHAREHOLDING COMPANY) 

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued) FOR THE SIX MONTHS ENDED JUNE 30, 2018 <br> (EXPRESSED IN JORDANIAN DINAR)

Control is achieved where the Company:

- Ability to exert power over the investee.
- Exposure, or rights, to variable returns from its involvement with the investee.
- Ability to exert power over the investee to affect the amount of the investor's returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described in the accounting policy for subsidiaries above.

When the Company has less than a majority of the voting, The Company shall have control over the investee when the voting rights sufficient to give it the ability to direct relevant activities of the investee individually.

When The Company reassesses whether or not it controls an investee, it consider all the relevant facts and circumstances which includes:

- Size of the holding relative to the size and dispersion of other vote holders
- Potential voting rights, others vote-holders, and Other parties
- Other contractual rights
- Any additional facts and circumstances may indicate that the company has, or does not have, the current ability to direct the activities related to the time needed to make decisions, including how to vote at previous shareholders meetings.

The consolidation process begins when the company's achieve control on the investee enterprise (subsidiary), while that process stops when the company's loses control of the investee (subsidiary), In particular Income and expenses of subsidiaries acquired or disposed of during the year are included in the consolidated income statement, and the consolidated comprehensive income statement from the effective date of acquisition and up to the effective date of which it loses control of a subsidiary Company.
The profit or loss and each component of other comprehensive income elements distributed on the company's owners and owners of non-controlling interests, total comprehensive income for the subsidiary distributed to the owners of the company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balances.
When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the parent Company.
All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

## SURA DEVELOPMENT AND INVESTMENT COMPANY (PUBLIC SHAREHOLDING COMPANY)

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued) FOR THE SIX MONTHS ENDED JUNE 30, 2018 (EXPRESSED IN JORDANIAN DINAR)

Financial assets designated at fair value through statement of comprehensive income
Financial assets are classified as at fair value through statement of income when the financial asset is either held for trading or it is designated as at fair value through statement of income . A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument.

A financial asset other than a financial asset held for trading may be designated as at fair value through statement of income upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial asset forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided intenally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and IAS 39 Financial Instruments: Recognition and Measurement permits the entire combined contract (asset or liability) to be designated as at fair value through statement of income.

Financial assets at fair value through statement of income are stated at fair value, with any gains or losses arising on measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'other gains and losses' line item in the consolidated income statement.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued) FOR THE SIX MONTHS ENDED JUNE 30, 2018 <br> (EXPRESSED IN JORDANIAN DINAR)

In particular, required of the Company's management to issue important judgments to estimate the amounts of future cash flows and its times Mentioned that the estimates are shown necessarily on the assumptions and multiple factors have a varying degree of appreciation and uncertainty and that actual result may differ from estimates As a result of changes resulting about the conditions and circumstances of these estimates in the future. We believe that our estimates in the consolidated financial statements are reasonable, detailed as follows:-
Impairment losses on receivable. Impairment losses are reviewed within the foundations established by the administration and International Financial Reporting Standards. The management reviewed periodically of financial assets which are stated at cost to assess any decline in its value.
This declining is recorded in the statement of comprehensive income.
Adoption of estimate useful lives of intangible assets periodically for the purpose of calculating depreciation declining losses is (if any) recorded in the consolidated statement of comprehensive income.

## The sectoral report

The business sector represents a collection of assets and operation engaged together in providing product or services subjected to risks and returns that are different from those of other business sectors, which are measured according to the reports that are used by the executive director and the main decision - makers in the Company.
The Decline in value of the financial assets
In date of each consolidated statement of financial position, values of the financial assets have been reviewed, to determine if there is any indication to decline in its value.
As for the financial assets such as trade accounts receivable and assets were evaluated as individual lowvalue, were evaluated for the decline in the value on a collective basis. The substantive evidence for decline in portfolio of the accounts receivable includes the past experience about the collection of payments. And the increase in the number of the late payments portfolio (which it's beyond the rate of borrowing) also it includes the significant changes in the international and local economic conditions that are related with non-collection of accounts payable.
The Reduce in the listed value of the financial assets is the amount of loss decline of value directly. And this is for all the financial assets except the trade accounts receivable as the listed value had been reduced by provisions accounts. When is one of the accounts receivables are non-collected then write off the amount of this debt and the equal amount from account of provisions.

The changes in the listed value for the provisions account recognized in the consolidated statement of comprehensive income.
As for the ownership equity tools which are available for sale, decline losses are not closed in the recognized value in the comprehensive income statement. However any increase in the fair value become after decline loss has recognized directly in consolidated owner's equity statement.

## De-recognition

The Company cancels the derecognizing the financial assets only when the contractual rights about the receipt of cash flows from the financial assets had ended, and substantially all the risks and benefits of the ownership that belong to another firm. In the case of the Company doesn't transfer or retain substantially the risks and benefits of the ownership and continues its control of the transferred assets, the Company in this case recognizes it's share retained in the transferred assets and the related liabilities in the limits of the amounts excepted to be paid. In the other case, when the Company retained substantially all risks and benefits of the ownership of the transferred assets, the Company will continue to recognize the financial assets.

## NOTES TO THE CONSOLIDATED FINANCLAL STATEMENTS (Continued) FOR THE SIX MONTHS ENDED JUNE 30, 2018 (EXPRESSED IN JORDANIAN DINAR)

## Property and equipment

Property and equipment are stated at cost less accumulated depreciation. Expenditure on maintenance and repairs is expensed. Depreciation is provided over the estimated useful lives of the applicable assets using the straight-line method. The estimated rates of depreciation of the principal classes of assets are as follows:

|  | Annual Depreciation Rate |
| :--- | :---: |
| Computer | $15-20 \%$ |
| Electrical equipments | $10-15 \%$ |

Useful lives and the depreciation method are reviewed periodically to make sure that the method and amortization period appropriate with the expected economic benefits of property and equipment. Impairment test is performed to the value of the property and equipment that appears in the Statement of Financial Position When any events or changes in circumstances shows that this value is nonrecoverable.

In case of any indication to the low value, Impairment losses are calculated according to the policy of the low value of the assetsAt the exclusion of any subsequent property and equipment, recognize the value of gains or losses resulting, Which represents the difference between the net proceeds of exclusion and the value of the property and equipment that appears in the Statement of Financial Position, Gross Profit and loss.

## Financial assets at amortized cost

Financial instruments such as notes receivable, receivables, finance lease payments, bank loans, loans and other securities and expenses due to others are stated at amortized cost using the effective yield method after any impairment loss has been deducted.

## The decline in value of the non-current assets

The decline in value of the non-current assets, in the date of each consolidated statement of financial position the Company reviews the listed values for it's assets to specify if there is an indication to decline losses of the value. If there is an indication to that, the recovery value of the asset will be appreciated to determine the loss of decline in the value if it occurs. In case, in ability to appreciate the recovery value of specific asset. The company estimate the recovery value for unit producing of cash that related in the same asset when there is ability to determine basis of distribution that is fixed and reasonable, the joint assets distribute to units producing of cash that related in the same asset. the common assets distribute to specific units producing of cash or it is distributed to specific units producing of cash or it distribute to smallest group from units producing cash that can determine basis of distribution fixed and reasonable for it.

The Recovery value is the fair value of asset minus the cost of sale or used value whichever is higher.
In case, the recovery value of an asset (or the unit producing of cash) is estimated lower than the listed value, reduce the listed value for asset should be reduced (or unit producing of cash) to the recovery value. Losses of the decline recognized directly in the comprehensive income statement unless the asset that is re-evaluated then losses are recorded of the decline as a reduction from re-evaluated provision.
