A review of Interim financial information consists of making inquiries, primarily of persons responsible for the financial and accounting matters and applying analytical and other review procedures. JORDAN HIMMEH MINERAL PUBLIC SHAREHOLDING COMPANY
NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS
30 JUNE 2022 (UNAUDITED)

(1) GENERAL

Jordan Himmeh Mineral Company (the "Company") was established on 4 June 1964 as a Public Shareholding Company. The Company's authorized capital was increased over the years to reach JD 2,000,000 of authorized capital and JD 2,000,000 of paid-in capital at par value of JD 1 per share.

The Company's principal activities are to acquire mineral water sites in Mukhaiba and surrounding areas, as well as to construct hotels, public baths, restaurants and coffee shops. The Company is in the process of constructing a 30-room eco-lodge with featuring therapeutic swimming pools and restaurants.

Trading of the Company's stocks on Amman Stock Exchange was paused on 13 August 2006 until further notice as a result of demolishing the old hotel.

The interim condensed financial statements were authorized for issue by the Board of Directors on 25 July 2022.

(2) BASIS OF PREPARATION AND CHANGES IN ACCOUNTING POLICIES

(2-1) BASIS OF PREPARATION

The interim condensed financial statements for the six-month period ended 30 June 2022 have been prepared in accordance with International Accounting Standard 34 ("Interim Financial Reporting").

The interim condensed financial statements have been prepared under a historical cost basis.

The interim condensed financial statements have been presented in Jordanian Dinar "JD", which is the functional currency of the Company.

The interim condensed financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the Company's annual financial statements as at 31 December 2021. In addition, results for the six-month period ended 30 June 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

(2-2) CHANGES IN ACCOUNTING POLICIES

The accounting policies used in the preparation of the financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2021 except for the adoption of new amendments on the standards effective as of 1 January 2022 shown below:

Reference to the Conceptual Framework – Amendments to IFRS 3

In May 2020, the IASB issued Amendments to IFRS 3 Business Combinations - Reference to the Conceptual Framework. The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements.

The Board also added an exception to the recognition principle of IFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 or IFRIC 21 Levies, if incurred separately.

At the same time, the Board decided to clarify existing guidance in IFRS 3 for contingent assets that would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements.

These amendments had no material impact on the interim condensed financial statements of the Company.

Property, Plant and Equipment: Proceeds before Intended Use – Amendments to IAS 16

In May 2020, the IASB issued Property, Plant and Equipment — Proceeds before Intended Use, which prohibits entities from deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

These amendments had no material impact on the interim condensed financial statements of the Company.

Onerous Contracts – Costs of Fulfilling a Contract – Amendments to IAS 37

In May 2020, the IASB issued amendments to IAS 37 to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making.

The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

These amendments had no material impact on the interim condensed financial statements of the Company.

IFRS 1 First-time Adoption of International Financial Reporting Standards – Subsidiary as a first-time adopter

As part of its 2018-2020 annual improvements to IFRS standards process, the IASB issued an amendment to IFRS 1 First-time Adoption of International Financial Reporting Standards. The amendment permits a subsidiary that elects to apply paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to IFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of IFRS 1.

This amendment is not applicable to the Company.

IFRS 9 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities

As part of its 2018-2020 annual improvements to IFRS standards process the IASB issued amendment to IFRS 9. The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received by the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

These amendments had no material impact on the interim condensed financial statements of the Company.
