INDEPENDENT AUDITOR'S REVIEW REPORT

AM \ 000744

To the Chairman and Board of Directors Members
Jordan National Shipping Lines Company
(Public Shareholding Limited Company)
Aqaba Special Economic Zone - Jordan

Introduction

We have reviewed the accompanying consolidated condensed interim statement of financial position of Jordan National Shipping Lines Company (Public Shareholding Limited Company) as of June 30, 2022 and the consolidated condensed interim related statements of profit or loss and comprehensive income for the three months and six months ended June 30, 2022 and statement of changes in owners' equity and cash flows for the six months period then ended, and a summary of significant accounting policies and other explanatory information. Management is responsible for the preparation and fair presentation of these consolidated condensed interim financial information in accordance with International Accounting Standard (34) Interim Financial Reporting. Our responsibility is to express an opinion on these consolidated condensed interim financial information based on our review.

Scope of Review

Except as explained in the following paragraph, we conducted our review in accordance with International Standard on Review Engagements 2410, Review of Condensed Interim Financial Information Performed by the Independent Auditor of the Company. A review of consolidated condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As a result of being denied access to the financial information, management and auditors of Smit Lamnalco Company – Jordan ("Lamnalco"), an associate accounted for by the equity method, we were unable to complete our review of the Company's equity accounted investment of approximately JD 5.1 million as at June 30, 2022 and the Company's share of Lamnalco's income of approximately JD 424 thousands for the period then ended (JD 325 thousands for the period ended June 30, 2021). Had we been able to complete our review of the equity accounted investment and the Company's share of income matters might have come to our attention indicating that adjustments might be necessary to the consolidated condensed interim financial information.

Qualified Conclusion

Except for the adjustments to the consolidated condensed interim financial information that we might have become aware of had it not been for the situation described above, based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated condensed interim financial information is not prepared, in all material respects in accordance with International Accounting Standard (34) Interim Financial Reporting.

Other Matter

The accompanying consolidated condensed interim financial information are a translation of the statutory financial information in the Arabic language to which reference should be made.

JORDAN NATIONAL SHIPPING LINES COMPANY
(A PUBLIC LIMITED SHAREHOLDING COMPANY)
AQABA SPECIAL ECONOMIC ZONE - JORDAN
NOTES TO CONSOLIDATED CONDENSED INTERIM FINANCIAL INFORMATION
(REVIEWED NOT AUDITED)

1. Incorporation and Activities

- According to the resolution of the Company's General Assembly, in its extraordinary meeting held on August 1, 2004, and the Companies Controller's Letter No. Msh/merger/13324 on August 30, 2004, stating the approval of his Excellency the Minister of Industry and Trade on the resolution of the Company's General Assembly to merge Jordan National Shipping Lines Company with Fast International Trade and Transport Company on June 30, 2004, a new public shareholding Company was established under the name of Jordan National Shipping Lines Company with a capital of JD 5,750,000 allocated to 5,750,000 shares at a par value of JD 1 each. The Company's capital increased in several stages, the last of which was during the year 2013. Where the Company's capital became JD 15 million through capitalizing JD 2/925 million from the retained earnings and distributing it as free stock dividends to the shareholders. The proper procedures to list the stock was completed on June 19, 2013.
- The Company was also registered in Aqaba Special Economic Zone under registration number (1103110402) on 4 November 2003.
- The Company's main objectives are to carry out different types of marine transportation activities using its own ships, as well as ships on lease, in addition to carrying out marine agencies and land transportation activities.

2. Basis of Preparation

a. Basis of preparation of consolidated condensed interim financial information:

- The consolidated condensed interim financial information for the six months ended June 30, 2022, have been prepared in accordance with International Accounting Standard (IAS) 34 "Interim Financial Reporting.
- The reporting currency of the consolidated condensed interim financial information is the Jordanian Dinar, which is the functional and presentation currency of the Company.
- The accompanying consolidated condensed interim financial information do not include all the information and disclosures required for the annual financial statements, which are prepared in accordance with International Financial Reporting Standards and should be read with the annual report of the Company as of December 31, 2021. In addition, the results of the Company's operations for the six months ended June 30, 2022, do not necessarily represent indications of the expected results for the year ending December 31, 2022, and do not contain appropriation of the profit for the six months period ended June 30, 2022, which is usually performed at year-end.

b. Basis of consolidation of the condensed interim financial information

- The condensed interim financial information of the subsidiary is prepared for the same financial year, using the same accounting policies adopted by the Company. If the accounting policies adopted by the subsidiary are different from those used by the Company, the necessary adjustments to the condensed interim financial information of the subsidiaries Company are made to comply with the accounting policies followed by the Company.
- The results of the subsidiary Company are incorporated into the consolidated condensed interim statement of profit or loss from the effective date of acquisition, which is the date on which actual control over the subsidiaries is assumed by the Company. Moreover, the operating results of the disposed subsidiaries Companies are incorporated into the consolidated condensed interim statement of profit or loss up to the effective date of disposal, which is the date on which the Company loses control over its subsidiaries Company.

Control is achieved when the Company:

- Has the power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect investee's returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control listed above.

When the Company has less than the majority of the voting rights of an investee, it considers that it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. In this regard, the Company considers all relevant facts and circumstances in assessing whether or not the Company voting rights in an investee are sufficient to give it power, including:

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- Rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

When the Company loses control of any of the subsidiaries Company, the Company performs the following;

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary.
- Derecognizes the book value of any non-controlling interests.
- Derecognizes transfer difference accumulated in Owners Equity.
- Derecognizes the fair value to the next controlling party.
- Derecognizes the fair value of any investment retained.
- Derecognizes any gain or loss in profit or loss statement.
- Reclassifies owners equity already booked in other comprehensive income to the profit or loss statement as appropriate.

The non-controlling interests represents the portion not owned by the Company relating to ownership of the subsidiaries.

The rent company owns the following subsidiaries as of June 30, 2022:

	Ownership Percentage	Activity Nature	Establishment Country	Paid Up Capital
	%			JD
Jordan Group for Shipping Agencies *	70	Shipping Agency	Jordan	150,000
Jordan Maritime Complex for Real Estate Investment **	74	Investment Properties	Jordan	15,600,000

* Jordan Group for Shipping Agencies Company is 70% owned by Jordan National Shipping Lines Company whereas each of Jordan Phosphate Mines Company and Arab Potash Company owns 15% of the Company's capital of JD 150,000. The Company's objectives are to represent companies and ships that conduct marine transport activities, act as marine and commercial representatives and agents, intermediate in marine transport activities, and provide all the necessary services for ships, goods, and transporters.

** Jordan Maritime Complex for Real Estate Investment Company is 74% owned by Jordan National Shipping Lines Company and The Salam International Transport and trading Company own 26% of the Company's capital amounted to JD 15.6 million. The Company's objectives to invest in real estate, including all types of buildings and residential apartments / complexes and lease commercial and residential real estate, including land and complexes.

c. Significant Accounting Policies

The accounting policies adopted in preparing the consolidated condensed interim financial information for the period ended June 30, 2022, are consistent with those applied in the year ended December 31, 2021. However, the Group has adopted the following amendments and interpretations that apply for the first time in 2022 and have not materially affected the amounts and disclosures in the condensed consolidated interim financial information for the period and prior years, which may have an impact on the accounting treatment of future transactions and arrangements:

Amendments to IAS 1 – Classification of Liabilities as Current or Non-current

The amendments to IAS 1 affect only the presentation of liabilities as current or non-current in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items.

The amendments clarify that the classification of liabilities as current or noncurrent is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of 'settlement' to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

Amendments to IFRS 3 – Reference to the Conceptual Framework

The amendments update IFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework. They also add to IFRS 3 a requirement that, for obligations within the scope of IAS 37, an acquirer applies IAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of IFRIC 21 Levies, the acquirer applies IFRIC 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date.

Finally, the amendments add an explicit statement that an acquirer does not recognize contingent assets acquired in a business combination.

Amendments to IAS 37 – Onerous Contracts—Cost of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract consist of both the incremental costs of fulfilling that contract (examples would be direct labour or materials) and an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

The amendments apply to contracts for which the entity has not yet fulfilled all its obligations at the beginning of the annual reporting period in which the entity first applies the amendments. Comparatives are not restated. Instead, the entity shall recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

Amendments to IAS 16 – Property, Plant and Equipment—Proceeds before Intended Use

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced before that asset is available for use, i.e. proceeds while bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Consequently, an entity recognises such sales proceeds and related costs in profit or loss. The entity measures the cost of those items in accordance with IAS 2 “Inventories”.

The amendments also clarify the meaning of ‘testing whether an asset is functioning properly. IAS 16 now specifies this as assessing whether the technical and physical performance of the asset is such that it is capable of being used in the production or supply of goods or services, for rental to others, or for administrative purposes.

If not presented separately in the statement of comprehensive income, the financial statements shall disclose the amounts of proceeds and cost included in profit or loss that relate to items produced that are not an output of the entity’s ordinary activities, and which line item(s) in the statement of comprehensive income include(s) such proceeds and cost.

The amendments are applied retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments.

The entity shall recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

IFRS Financial Enhancements 2018-2020

IFRS 1 First-time Adoption of International Financial Reporting Standards

The amendment provides additional relief to a subsidiary which becomes a first-time adopter later than its parent in respect of accounting for cumulative translation differences. As a result of the amendment, a subsidiary that uses the exemption in IFRS 1:D16 (a) can now also elect to measure cumulative translation differences for all foreign operations at the carrying amount that would be included in the parent’s consolidated financial statements, based on the parent’s date of transition to IFRS Standards, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. A similar election is available to an associate or joint venture that uses the exemption in IFRS 1:D16 (a).

IFRS 9 Financial Instruments

The amendment clarifies that in applying the ‘10 per cent’ test to assess whether to derecognise a financial liability, an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other’s behalf. The amendment is applied prospectively to modifications and exchanges that occur on or after the date the entity first applies the amendment.

IAS 41 Agriculture

The amendment removes the requirement in IAS 41 for entities to exclude cash flows for taxation when measuring fair value. This aligns the fair value measurement in IAS 41 with the requirements of IFRS 13 Fair Value Measurement to use internally consistent cash flows and discount rates and enables preparers to determine whether to use pre-tax or post-tax cash flows and discount rates for the most appropriate fair value measurement.

The amendment is applied prospectively, i.e. for fair value measurements on or after the date an entity initially applies the amendment.

3. Judgments, Estimates and Risk Management

The preparation of the consolidated condensed interim financial information requires management to make judgments, estimates and assumptions that affects the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Company's annual financial statements for the year ended December 31, 2020.

We believe that our used estimates for the preparation of the consolidated condensed interim financial information are reasonable and consistent with the estimates for the preparation of the consolidated financial statements for the year 2021.
