Board of Directors – Appointments and Resignations:

- Nomination of Mr. Khaireddin Shukri as Vice Chairman of the Board of Directors / Representative of Neupack Gesellschaft m.b.H Successor to Mr. Adel Ramez Abou Dargham based on Board of Director's resolution dated 11-January-2017.

Annual Report of the Board of Directors

The Board of Directors' annual report on the company's activities and its financial position as of Dec. 31 2016 and its plan for 2017

Honorable shareholders,

On behalf of the Board of Directors and myself, I would like to welcome you to the 22nd Annual meeting of your company. It is my pleasure to give you a summary report on the activities and achievements in 2016, and to set out the future plans for the company for next year.

The Company maintained its profitability in 2016, and increased its profit compared to 2015. This was achieved in spite of the challenges that the company had faced during the year 2016. The political, security, and economic conditions in neighboring countries in particular, and the region at large, had a negative impact on the volume of our export sales. Equally in terms of adverse effects, the drop of the Euro exchange rate against the Jordanian Dinar, did affect the company's sales revenue.

The sales revenue of the company in 2016 had amounted to J.D. 10,214,514 compared to J.D. 10,692,928 in 2015. This represents a decrease of 6.8% compared to the previous year. Despite the decline in total sales, the company had achieved 15.4% growth in gross profit which amounted to J.D. 1,901,933 (J.D. 1,648,521 in 2015).

In 2016 the company's net profit after tax had amounted up to J.D. 798,579 compared to 2015 where the net profit after tax was J.D. 511,629. This represents 11.9% return on equity compared to 7% in 2015. The net profit increase is attributed to a combination of factors of which productivity increase, the concentration on producing more viable products, the efficient use of available resources, and the further improvement in production efficiency.

The company will keep the momentum of improving production through the utilization of all the available recourses and through capacity building of its employees, and exploiting the contracts with its clients to the full.

Honorable shareholders,

Peace and God's blessings be upon you,

The Board of Directors of Al Ekbal Printing and Packaging Company is pleased to welcome you all, and would like to thank you for your acceptance of its invitation to attend the Twenty Second Annual General Meeting on the Company's activities, achievements and financial statements for the year ended December 31, 2016.

In compliance with disclosure instructions required by the Securities Commission, we inform the following:

Description of the company's activities, its geographic locations, size of capital investment, and number of employees:

Main activities

The company prints and manufactures packaging products made of paper and cardboard for pharmaceuticals, tobacco, cigarettes, detergents, cosmetics and fast food industries.

Names of major shareholders and number of shares owned by them compared with previous year

Name	Number of shares as in 31.Dec.2016	Percentage %	Number of shares as in 31.Dec.2015	Percentage %
Mayr-Melnhof Packaging Austria GmbH	1.035.624	29.59%	1.474.464	29.49%
Neupack G.m.b.H	700.000	20%	1.000.000	20%
Mayr-Melnhof Packaging International GmbH	1.297.470	37%	1.856.103	37.12%

Competitive position of the company

Despite of the strong competition, the company could maintain its local market share and could keep its major customers in export market. As well, the company could compensate for the decline in export sales by focusing locally on the production of high value-added products, with higher profit margin. On the other hand, the company focused on reducing its cost of production, hence increasing profitability, through increasing production efficiency and better utilization of production capacity.

Company's dependence on local or foreign suppliers and customers

Customer Name	Percentage from Total Sales (Manufacturing Related)
Japan Tobacco International (JTI) Offset	26%
Al Zawrae Industrial Company	23%
Phillip Morris - Jordan	14%

Supplier Name	Percentage from Total Raw materials Purchases (Manufacturing Related)
Stora Enzo	49%
Iggesund Holmen Group	10%

Decisions by the government or international organizations that had material effect on the operations of the company or its competitiveness

There are no decisions made by the government or any other international organization that had a material impact on the performance of the company, its products or its competitiveness.

Government protection and subsidy given to the company or its products according to the laws and regulations

Nothing exists.

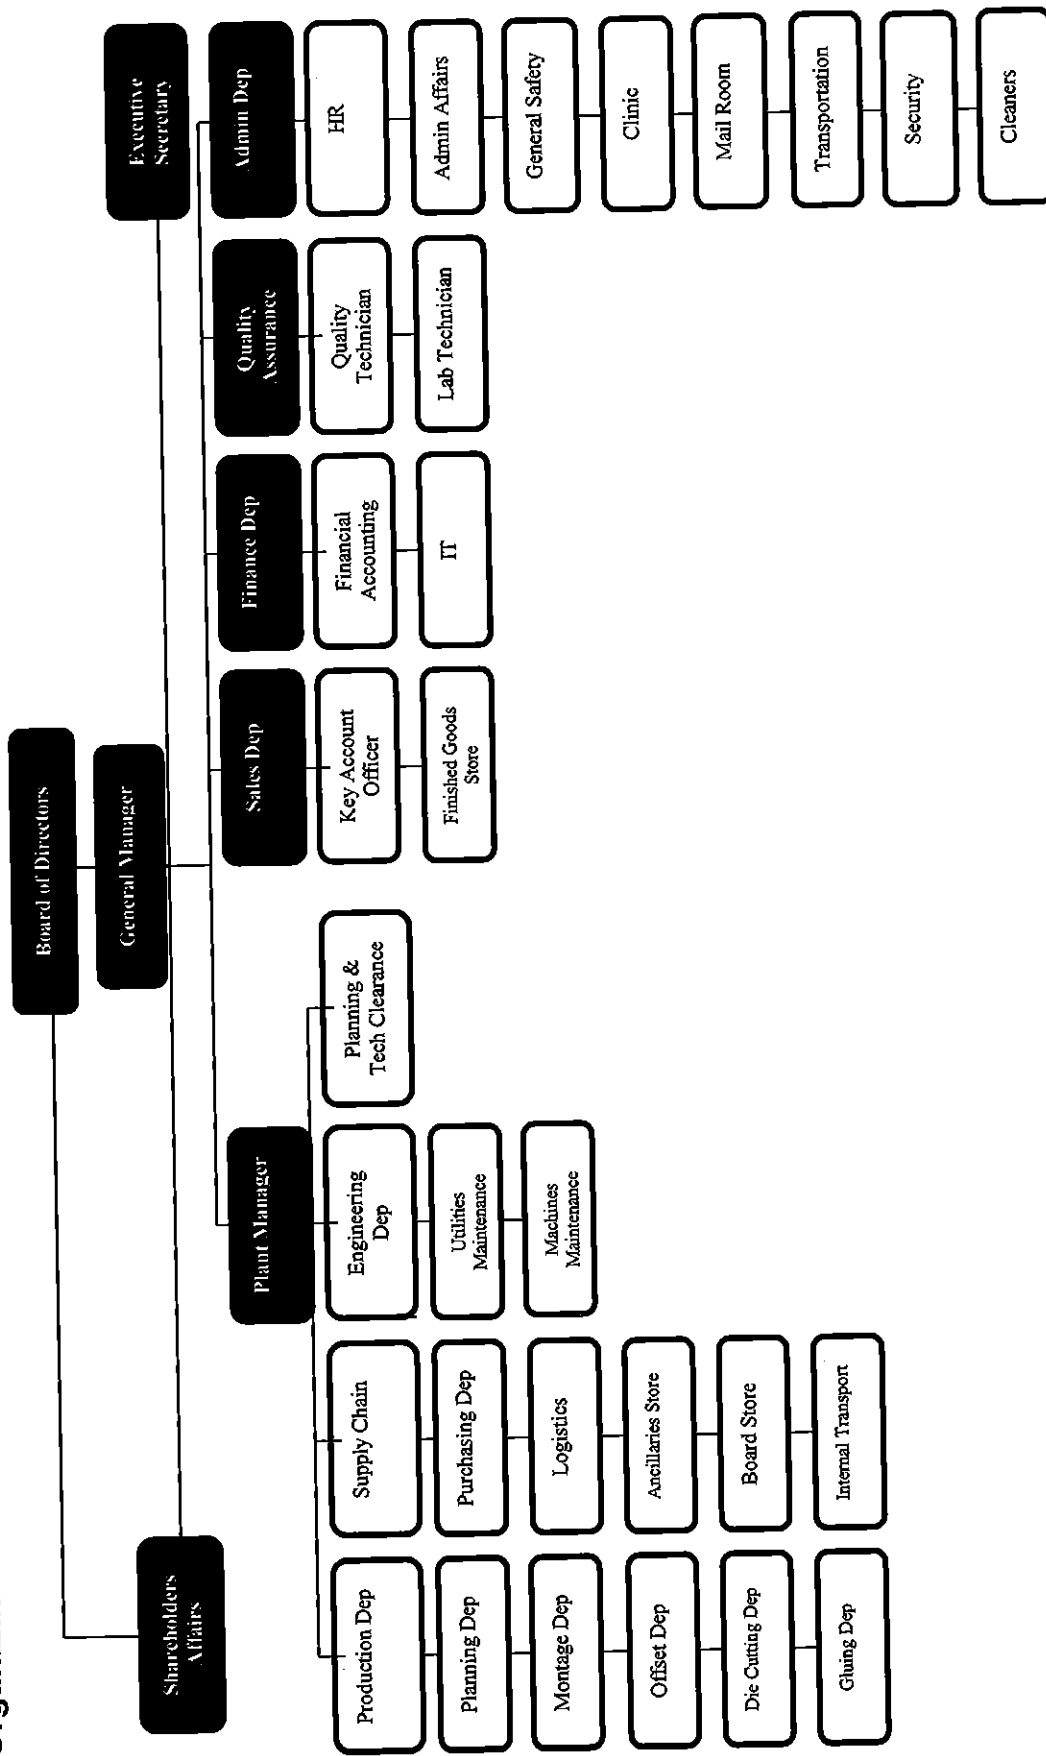

Human Resources

In order to develop the technical and administrative performance, the company offers its employees internal and external training. For this purpose, the company adopted the "Diamond Program" since many years. As well, the company annually adjusts the salaries of its employees to meet the increasing cost of living conditions.

The benefits provided to the employees are:

- Extra two months' salary a year, paid over quarterly equal amounts.
- Occupational safety: The Company makes efforts to ensure the general safety of all employees through educational brochures, sessions and following procedures to avoid injuries or exposing employees to hazards.
- Health care: The Company periodically conducts the necessary medical exams to maintain the health and safety of our employees. In addition, we have a physician available on site daily to meet the employees' healthcare needs.
- The Company provides free medical, life, and cancer insurance for all employees.
- End of service payment: The Company offers a special system for end of service payment.
- Social security: All employees are enrolled in Social Security.
- Offer subsidized meals and maintain a cafeteria with the best equipment to provide meals in a healthy way.
- Training: The Company has established training programs for its personnel, in order to develop their knowledge and their performance, especially in administration and technical fields.
- Provide transportation to all employees through securing transportation vehicles based on working hours.

Risks to the company

The risks that the company had faced in 2016, and might be exposed to in the future:

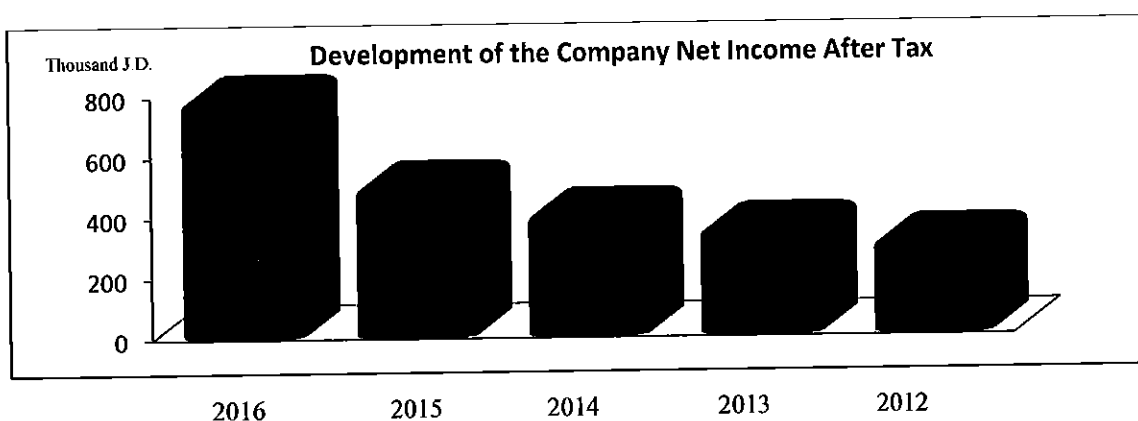

- The worsening political and security situation in the region had had a negative impact on the company's export sales and on the ability of the company's expansion in the regional markets.
- The company depends largely on a small clientele base, which possess a considerable risk as the performance of those clients will directly affect the performance of the company. The company will seek to broaden our clients' base and sectors.
- The increases in the raw materials prices possess another risk to the viability of our operations. Minimizing this risk is being carried out in the pricing strategy of the company.
- The company was affected by drop in the Euro exchange rate against the Jordanian Dinar in 2016. This negative impact is expected to continue during 2017.
- Local changes in taxes for tobacco and cigarettes could reflect negatively on cigarette consumption and production, hence on the company's sales.

Achievements of the company during the financial year

- The main achievement during 2016 was the ability to increase the profitability of our operations. The profit before tax has increased from J.D 592,318 to J.D 968,579. The return on assets increased from 5% in 2015 to 8% in 2016. The reason for the positive results are:
 - The full utilization of the resources based on a proper planning.
 - The concentration on items which are economically more viable in our production and marketing operations.
 - Slashing down expenses and cutting down costs and waste throughout the operations.
- The company continued the process of developing its production capabilities, staff capacity building and improving its work environment aiming at competing with leading regional and international companies working within its domain.

Raw Material Warehouse

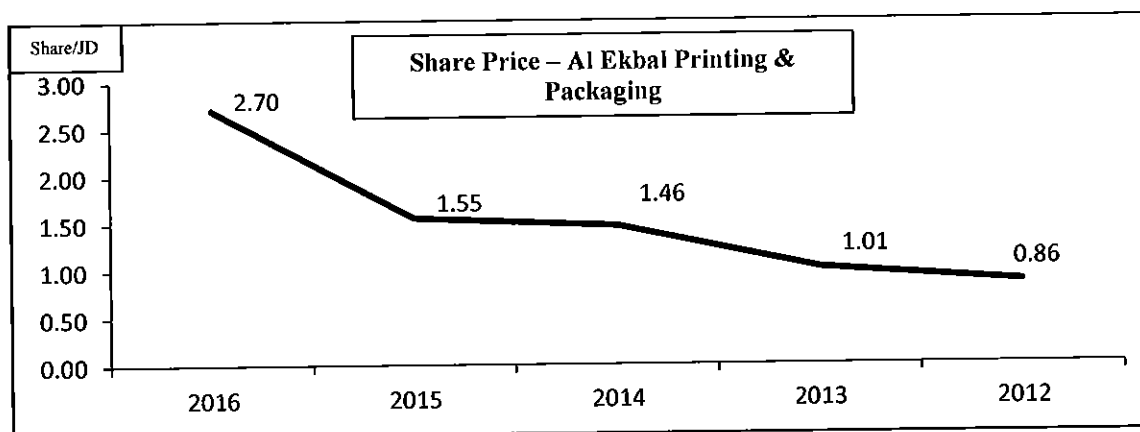

Financial impact of non-recurring activities that occurred during the financial year and not part of the company's core activity

There are no financial impacts of non-recurring activities during the financial year under review, which are not part of the company's core activity.

Future plan for 2017

The company's future plan for the year 2017 consists of the following main items:

- Targeting the Multinational Companies that are operating in the different industrial sectors through a strategic marketing plan.
- Continue to work to develop and enhance the production efficiency and work procedures in the company.
- Increase the production of special and high quality products to increase the company's market share in different market sectors.
- Enhancing the company's productive capacities in both; quality and quantity with a push towards obtaining global specialty certifications in order to expand in various sectors in the domestic and export markets.

External Auditor Expenses

The external audit service fees amounted to JOD 10.000 (Excluding sales tax) in 2016.

The company has adopted an early settlement program for employee's end of service.

Donations and Grants paid by the company in 2016.

Grants given to the local people of Na'ur area in terms of food and related items.

Contracts, projects or agreements entered into by the company with subsidiaries, affiliates, or with the chairman of the board, directors, general manager or with any other employee of the company or with their relatives

There are no such contracts, projects or agreements the company entered into, except the existing cooperation with MM Graphia, which provides the company with rotogravure printed goods based on the requirements of one tobacco customer who relied on our company as an exclusive local supplier for these goods.

Company's contribution to environmental protection

- Installation of weather strips to the company's external doors, resulting in savings in energy consumption in heating and cooling systems.
- The company intends to install transparent glass insulators in different sections of the company which provides thermal insulation and thus save energy consumption.
- The use of energy saving lighting units.
- The company sells recyclable production wastes to specialized recycling companies.
- The company cooperates with the Municipality of the Capital for the disposal of scrap after the company separates the scrap for the re-use of part of it.
- Installation of water pumps fitted with electric control system to control the level of water consumption.
- Installing electric doors for warehouses and thermally insulated doors, which reduce energy consumption.
- The use of natural lighting in the new warehouses through appropriate designs.
- The company sells waste, wood, cardboard and used oil materials to recycling companies who convert wastes into usable products.

Company's contribution to the local society

The company contributes to serving the local society through participations in official and public events in the province of Na'ur, such as the unemployment service center, charity organizations and the committees in Na'ur and cooperates with them, in order to help poor families, in addition to providing job opportunities.

Meetings of the Board of Directors

8 meetings were held in the year of 2016.

Last, but not least, I would like to thank the management, teams, and staff of Al-Ekbal on a job very well done. You have demonstrated to all in the Industrial Sector, the level that could be achieved when high ability and a sense of purpose are combined.

Also, I would like to extend our gratitude to our suppliers and customers for their cooperation and trust. Special thanks go to you, our shareholders, for your faith and belief in the management of the company and your continuous support. Without your inspirational support, we would not have been able to move forward to accomplish the missions, objectives and targets of the company.

David Silhavy
Chairman of the Board

Declarations of the Board of Directors

The Board of Directors of Al-Ekbal Printing & Packaging plc hereby declares that, according to the best of their information and in their opinion, there are no substantial matters that may affect the Company as a going concern during 2016.

The Company's Board of Directors hereby declares its responsibility for the preparation of the financial statements and an effective control system in the Company.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code). We have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

Our audit approach

Overview

Key Audit Matters	Provision for slow-moving inventory
-------------------	-------------------------------------

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we considered where the directors are made subjective judgments; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the Key audit matter
<p><u>Provision for slow-moving inventory</u></p> <p>As described in the accounting policies number (2.7) Inventory and note number (4) Critical Accounting Estimates And Judgments, the management calculates the provision for slow-moving inventory according to the accounting policies described in note (2.7) and note (4) by comparing the recoverable amount of the inventory with the book value for this inventory.</p> <p>There is a risk of wrong calculation by management for this provision, which may lead to material misstatement in the financial statements which may be caused of incorrect use of estimates.</p> <p>As shown in Note (8) to the financial statements, management had recognised a provision for slow moving inventory with an amount of JD 211,628 as at 31 December 2016.</p>	<p>We have performed the following procedures to assess the reasonableness of the slow-moving inventory provision calculation:</p> <ul style="list-style-type: none">• Assessed management's methodology in calculating the provision.• Assessed the key assumptions used, based on our understanding of the company and the nature of the inventory.• Tested some of the relevant company's procedures and internal controls.• Tested the inventory aging report as of December 31, 2016.• Re-calculated the provision as of December 31, 2016.

Other information

The directors are responsible for the other information. The other information comprises all the other information included in the Company's annual report for the year 2016 but does not include the financial statements and our auditor's report thereon. The other information not yet received to the date of this auditor's report, which is expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information not yet received, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards and with other identified applicable laws in the Hashemite Kingdom of Jordan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

The Company maintains proper accounting records and the accompanying financial statements are in agreement therewith the financial data presented in the Board of Directors' report. We recommended that the General assembly of Shareholders approve these financial statements.

(1) GENERAL INFORMATION

Al Ekbal Printing and Packaging P.S.C. was established as a Public Shareholding Company on 27 January 1994 with a capital of JD 8,000,000 distributed into 8,000,000 shares at 1 JD per share. It was registered at the Ministry of Industry and Trade under the number (264) in accordance with the Jordanian companies Law.

The General Assembly of the Company decided in its extra ordinary meeting held on 22 April 2006 to approve the recommended decrease in capital of the Company by JD 3,000,000 to become JD 5,000,000 distributed into 5,000,000 shares at 1 JD par value per share. The General Assembly of the Company decided in its extra ordinary meeting held on 11 April 2016 to approve the recommended decrease in capital of the Company by JD 1,500,000 due to the excess of needed, to become JD 3,500,000 distributed into 3,500,000 shares at 1 JD per value per share.

The Company's main objectives are to practice printing and packaging and other related activities. The Company shares are quoted in Amman stock exchange.

The Main location of the company is in Na'ur, P.O Box 401 Na'ur 11710 – Jordanian Hashemite Kingdom.

The financial statements of the Company were authorized for issue by management on 9 February 2017.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation

The financial statements of Al Ekbal Printing and Packaging P.S.C. have been prepared in accordance with the International Financial Reporting Standards (IFRS).

The financial statements are presented in Jordanian Dinars.

The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 4.

2.2 Changes in accounting policy and disclosures

(a) New standards, amendments and interpretations adopted by the company

a. The Company has applied the following standards and amendments for the first time for their annual reporting period commencing 1 January 2016:

- Amendments to IAS 16 - 'property, plant and equipment' and IAS 38 'Intangible assets' which explains the acceptable methods for calculating depreciation and amortization.
- Amendments to IAS 34 - 'Interim financial reporting' regarding the disclosures in the interim financial statements.
- Amendments to IAS 19 - 'Employee benefits' which requires the use of the discount rate for the currency in which the defined benefit plan obligation will be paid.
- Amendments to IAS 27 - 'Consolidated and separate financial statements' that restores the option of using the equity method in the separate financial statements for investments in subsidiaries, joint ventures and associates.
- Amendments to IAS 1 - 'presentation of financial statements' which outlines some of the requirements of the presentation of financial statements and the disclosure of accounting policies.
- Amendments to IFRS 7 'Financial instruments: Disclosures' which require the disclosure of ongoing service contracts after the sales of financial assets and the disclosure of the offset between the financial assets and financial liabilities that are not stated in IAS 34 - 'Interim financial reporting'.
- Amendments to IFRS 11 'Joint arrangements' that provides specific guidance for the accounting of the share acquired in a joint arrangement.
- Amendments to IFRS 10 - 'Consolidated financial statements' and IAS 28 - 'Investments in associates and joint ventures' which describes the exceptions in the application of consolidated financial statements of investment companies and its subsidiaries.
- Annual Improvements to IFRSs - 2012 - 2014 Cycle.

(b) New standards, amendments and interpretations not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for 31 December 2016 reporting periods and have not been early adopted by the Company. The Company's assessment of the impact of these new standards and interpretations is set out below.

- IFRS 9, 'Financial instruments', addresses the classification, measurement and recognition of financial assets and financial liabilities. The complete version of IFRS 9 was issued in July 2014. The standard is effective for accounting periods beginning on or after 1 January 2018. Early adoption is permitted.
- IFRS 15, 'Revenue from contracts with customers' deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. The standard is effective for annual periods beginning on or after 1 January 2018 and earlier application is permitted.
- IFRS 16, 'Leases' which will replace IAS 17 'Leases'. The standard requires the lessee to book future lease commitments for all lease contracts including "rights to use assets". The standard is effective for annual periods beginning on or after 1 January 2019 and early adoption is permitted if IFRS 15 is also adopted.
- Amendments to IAS 12, 'Income taxes'. Amendments clarify the measurement and accounting of deferred tax assets. The standard is effective for annual periods beginning on or after 1 January 2017 and early adoption is permitted.
- Amendments to IAS 7, 'Statement of cash flows'. The amendment requires additional disclosures about changes in liabilities arising from financing activities. The standard is effective for annual periods beginning on or after 1 January 2017 and early adoption is permitted.

There are no other standards that are not yet effective and that would be expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

2.3 Foreign currency translation

(a) Functional and presentation currency

Items included in the financial statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in 'Jordanian Dinar', which is the company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the Jordanian dinar using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

2.4 Property, plant and equipment

Property, plant and printing equipment are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Subsequent costs are included in the asset's carrying amount or recognized as a asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the period in which they are incurred.

Depreciation on other assets is calculated using the straight-line method to allocate their cost over their estimated useful lives, as follows:

	<u>Useful life (years)</u>
Buildings	50
Plant and printing equipment	10
Furniture and decoration	5
Vehicles	6
Elevators and computer machines	6 - 10

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount and is recognized in the income statement.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognized in the statement of comprehensive income.

2.5 Projects in progress

Project in progress are recognised at cost and it includes the cost of projects and other direct expenses that are measure in accordance to percentage of completion. Upon completion the project in progress, the total cost will be transferred to properties, plant and equipment and the cost will be depreciated.

2.6 Impairment of non-financial assets

Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

2.7 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using weighted average method. The cost of finished goods and work in progress comprises design costs, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs.

Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

2.8 Trade receivables

Trade receivables are amounts due from customers for merchandise sold in the ordinary course of business.

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.9 Impairment of financial assets

Impairment of loans and receivables: A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the trade receivable is impaired. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account, and the amount of the loss is recognised in the statement of comprehensive income. When a trade receivable is uncollectible, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited against other income in the statement of comprehensive income.

The impairment amount is recognised in the statement of comprehensive income and any surplus is recognised also in the statement of comprehensive income in the later period as a result of the previous impairment in the financial assets.

2.10 Cash and cash equivalents

Cash and cash equivalents include cash on hand, current accounts and deposits with banks.

2.11 Borrowings and overdrafts

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the statement of comprehensive income over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the statement of financial position date.

2.12 Provision for employees end of service

The Company started an end of service program from the first of January 2002 for each employee. The employees are considered eligible if they complete the minimum required years in accordance with the Company's laws and regulations and in accordance with IAS 19 (employee benefits). The Company recognized its share within the statement of comprehensive income.

2.13 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Trade payables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

2.14 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

2.15 Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Company's activities. Revenue is shown net of value-added tax, returns, rebates and discounts and after eliminating sales within the Company.

The Company recognizes revenue when the amount of revenue can be reliably measured; it is probable that future economic benefits will flow to the Company.

The Company sells a range of printing products in the market. Sales of goods are recognized when a Company has delivered products to the customer.

2.16 Employee benefits

The Company pays contributions to publicly administered pension insurance plans on a mandatory basis. The Company has no further payment obligations once the contributions have been paid. The contributions are recognized as social security expense when they are due.

2.17 Leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the statement of comprehensive income on a straight-line basis over the period of the lease.

2.18 Dividend distribution

Dividend distribution to the Company's shareholders is recognized as a liability in the Company financial statements in the period in which the dividends are approved by the company's general assembly.

b. Credit risk

Credit risk also arises from cash and cash equivalents and deposits with banks and financial institutions. For banks and financial institutions, the Company deals mainly with high rated institutions that have good reputation.

The utilization of credit limits is regularly monitored. No credit limits were exceeded during the reporting period. Concentration risk in receivables is disclosed in note (9) of the financial statements.

c. Liquidity risk

Company finance monitors rolling forecasts of the Company's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient limits on its undrawn committed borrowing facilities.

The table below summarizes the maturities of the Company's undiscounted financial liabilities at 31 December 2016, based on contractual payment dates and current market interest rates:

	Less than 1 year JD	Over 1 year JD
At 31 December 2016		
Bank overdrafts	507,507	-
Trade and other payables	1,272,852	-
Due to related party	616,856	-
End of service indemnity	-	458,472
At 31 December 2015		
Bank overdrafts	118,436	-
Loans	183,913	-
Trade and other payables	1,364,453	-
Due to related party	789,951	-
End of service indemnity	-	392,762

3.2 Capital risk management

The company's objectives when managing capital are safeguarding the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Company monitors capital by monitoring the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including loans, bank overdrafts, trade payables, other credit balances and amounts due from related parties) less cash on hand and at banks, as shown in the consolidated statement of financial position. Total capital is calculated as equity plus net debt, as shown in the consolidated statement of financial position.

Gearing ratios were as follows:

	2016 JD	2015 JD
Total borrowings	2,394,376	2,449,005

End of services indemnity	405,727	347,577
	<u>2,632,142</u>	<u>2,526,910</u>

(4) CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

a. Provision for slow-moving inventory

The Company establishes a provision for slow-moving and obsolete items in accordance with the accounting policy stated in (Note 2.7). The recoverable amount of the items is compared to the carrying amount to determine the needed provision.

b. Provision for impairment of trade receivables

The Company establishes a provision for impairment of trade receivables, in accordance with the accounting policy stated in (note 2.9). The recoverable amount of the trade receivables is compared to the carrying amount of the receivables to determine the amount of impairment.

c. Income tax

The Company is subject to income tax. Significant judgement is required in determining the provision for income tax. There are many transactions and calculations for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax in the period in which such determination is made.

d. Provision for employee end of services

The company calculates the end of service provision according to the end of service benefits policy and based on the years of service and salaries of employees as at the end of each financial year and based on the actuarial study over the employee's end of service provision.

(5) SEGMENT INFORMATION

The Company is engaged in two business lines printing packaging and printed materials. Accordingly these consolidated financial statements represent the financial position and performance of those two business lines. Geographical segmentation related to the sales of the Company is illustrated in (note 21).

AL EKBAL PRINTING AND PACKAGING P.S.C.
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2016

(9) TRADE AND OTHER RECEIVABLES

	2016 JD	2015 JD
Trade receivables	1,318,516	1,980,710
Prepaid expense	40,020	59,546
Income tax	-	309,973
Advances to suppliers	18,285	19,859
Refundable deposits	23,105	23,105
Cheques under collection	-	75,396
Other	56,443	12,743
Total trade and other receivables	1,456,369	2,481,332
Allowance for doubtful accounts	(50,432)	(51,502)
	<u>1,405,937</u>	<u>2,429,830</u>

The fair values of trade receivables approximate to their carrying value as of 31 December 2016 and 2015 respectively.

Trade receivables are analyzed as follows:

	2016 JD	2015 JD
Neither past due nor impaired	1,271,811	1,921,791
Past due not impaired	41,273	52,417
Impaired	5,432	6,502
	<u>1,318,516</u>	<u>1,980,710</u>

As per the credit policy of the company, customers are extended a credit term between 30 - 120 days in the normal course of business. Trade receivables that are four months past due are not considered impaired. As at 31 December 2016, trade receivables of JD 41,273 (2015: JD 52,417) were past due but not impaired and not provided for in the financial statements. These relate to a number of independent customers for whom there is no recent history of default. The company's management believes that this amount will be collected in full. The ageing analysis of these receivables is as follows:

	2016 JD	2015 JD
Less than 2 months after due date	28,215	52,260
Over 2 months but less than 4 months	13,058	157
	<u>41,273</u>	<u>52,417</u>

As at 31 December 2016, trade receivables of JD 5,432 (2015: JD 6,502) were impaired and fully provided for.

There is a concentration risk with respect to trade receivables as the largest trade receivable balance comprises 46% (2015: 43%) of the outstanding receivable balances. These balances are not overdue and there is no doubt regarding their collectability.

The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable.

AL EKBAL PRINTING AND PACKAGING P.S.C.
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2016

Movement in the allowance for doubtful debts is as follows:

	2016 JD	2015 JD
At 1 January	51,502	51,502
Written off	(1,070)	-
At 31 December	<u>50,432</u>	<u>51,502</u>

The carrying amounts of the trade receivables are denominated in Jordanian dinar.

(10) CASH ON HAND AND AT BANKS

	2016 JD	2015 JD
Deposits at banks	151,290	750,000
Cash at banks	<u>640,265</u>	<u>549,223</u>
	<u>791,555</u>	<u>1,299,223</u>

* Interest on the deposit is calculated at a rate of 3.35% as of 31 December 2016. The deposit matures in a period of no longer than 3 months.

(11) PAID-IN CAPITAL

The total authorized and paid in capital amounted to JD 5,000,000 divided into 5,000,000 shares with a par value of JD 1 per share.

The General Assembly of the Company decided in its extra ordinary meeting held on 11 April 2016 to approve the recommended decrease in capital of the Company by JD 1,500,000 due to the excess of needed, to become JD 3,500,000 distributed into 3,500,000 shares at 1 JD per value per share.

(12) RESERVE

Statutory reserve

According to the Jordanian Companies Law and the Company's bylaws, the Company should deduct 10% of its annual net profit for the account of the statutory reserve, and continue in deducting the same percentage each year provided that the total deducted amounts for the reserve should not exceed 25% of the relevant the Company's capital. For the purposes of this law, the net profit represents the profits before deducting the income tax provision. This reserve is not available for distribution.

The Company didn't take provision for statutory reserve in 2016, as the statutory reserve balance exceeds 25% of the new paid-in capital. The Company will reduce the statutory reserve balance in 2017 to be in accordance with the Jordanian Companies Law.

Voluntary reserve

The Company decided in it General Assembly meeting held in 11 April 2016 to transfer all the balance of the voluntary reserve account to the retained earnings account as it is no longer needed.

(13) BORROWINGS AND OVERDRAFTS

	2016 JD	2015 JD
Bank overdrafts	504,668	117,335
Current portion of long term loans	-	177,266
Total borrowings	504,668	294,601

The Company has been granted a loan from Societe General Bank Jordan on 21 June 2012, the purpose of financing is to purchase a new machine. The total finance amount is USD 378,000 at LIBOR rate plus 1.75% and should not be less than 4.5%. This loan shall be settled on sixteen equal consecutive quarterly installments with monthly interest payment. The first installment became due on 31 October 2012. The loan currency is denominated in USD.

The Company has been granted a loan from Societe General Bank Jordan on 4 February 2013 for the purpose of financing new printing machine and building an external Sunshade. The total finance amount is JD 240,000 at 6% annual interest rate. This loan shall be settled on fourteen equal consecutive quarterly installments with monthly interest payment. The first installment became due on 28 February 2013. The loan currency is denominated in JD.

The Company has been granted a loan from Societe General Bank Jordan on 1 April 2013 for the purpose of increasing the financing amount for the new printing machine and the external Sunshade that was obtained earlier during the same year. The total finance amount is JD 60,000 at 6% annual interest rate. This loan shall be settled on thirteen equal consecutive quarterly installments with interest payment. The first installment became due on 30 June 2013. The loan currency is denominated in JD.

The Company has been granted a loan from Societe General Bank Jordan on 1 May 2013 for the purpose of financing purchasing a gluing machine. The total finance amount is JD 292,000 at 6% annual interest rate. This loan shall be settled on fourteen equal consecutive quarterly installments with interest payment. The first installment became due on 30 June 2013. The loan currency is denominated in JD.

Bank overdrafts

The Company obtained a short term facilities from local banks with a limit of JD 2,018,850, the total used of it as at 31 December 2016 was JD 504,668 (2015: JD 117,335), with annual interest rate between 4.25% and 8.5%.

The fair value of current borrowings equals their carrying amount, as the impact of discounting is not significant.
