

Postponement of Submission of listed Companies Annual Reports

March 30, 2020

In light of the Jordan Securities Commission's (**JSC**) decision to suspend the filing of disclosures of entities subject to its supervision until further notice, which came in light of the conditions that the Kingdom is passing through due to measures taken to confront the spread of Coronavirus, the Amman Stock Exchange (**ASE**) decided to postpone the deadline of listed companies submission of their annual reports to it until further notice. The annual report of listed company includes the report of its board of directors, its audited financial statements, and its auditor's report. The submission deadline specified in legislations was due on 31/3/2020. The new deadline will be announced as soon as it is decided by the JSC.
