Amman Stock Exchange Participates in a Specialized Sustainability Workshop Organized by the Institute of Management Accountants (IMA)

October 12, 2026

In coincidence with World Investor Week, held during the first week of October each year as part of the annual initiative of the International Organization of Securities Commissions (IOSCO) and the World Federation of Exchanges (WFE), the Amman Stock Exchange (ASE), represented by Dr. Rasha Dayyat, Director of Planning and Business Development, participated in a specialized workshop on sustainability and Environmental, Social, and Governance (ESG), entitled “From ESG Awareness to Practical Implementation.”

The workshop was organized by the Amman Chapter of the Institute of Management Accountants (IMA) on Saturday, 10 October 2026. The Jordan Securities Commission also participated, represented by Ms. Razan Al-Shafei, Member of the Commission’s Board of Commissioners, and Mr. Saleh Al-Raqqad, Director of the Issuers and Products Department.

During the workshop, Dr. Dayyat delivered a presentation entitled “The Sustainability Journey: From Global Commitments to Local Action,” in which she explored the historical evolution of sustainability and Environmental, Social, and Governance (ESG) practices, highlighting the key global milestones and developments that have shaped the sustainability agenda and strengthened its role in the business environment and financial markets.

The presentation also covered the concept of sustainability and its key dimensions, as well as Environmental, Social, and Governance (ESG) principles and their importance for companies and investors in strengthening risk management, enhancing corporate performance, and supporting sustainable investment decision-making. In addition, it highlighted the United Nations Sustainable Development Goals (SDGs) and their role in guiding sustainable development efforts.

The presentation also highlighted the Amman Stock Exchange’s experience in advancing ESG practices and promoting environmental, social, and governance disclosure within the Jordanian capital market. Dr. Dayyat outlined the ASE’s ongoing efforts to strengthen transparency, improve disclosure practices, and align local market requirements with relevant international standards and developments. These efforts support investment decision-making, enhance investor confidence, and contribute to building a more resilient capital market, in line with Jordan’s national priorities for sustainable development and economic competitiveness.
