## **Review Report on the Condensed Consolidated Interim Financial Information**

AM/ 010923

H.E. The Chairman and Board of Directors Members  
The Housing Bank for Trade and Finance  
(Public Shareholding Limited Company)  
Amman – The Hashemite Kingdom of Jordan

### **Introduction**

We have reviewed the accompanying condensed consolidated interim statement of financial position of The Housing Bank for Trade and Finance (Public Shareholding Limited Company) as of March 31, 2022 and the related condensed consolidated interim statements of profit or loss and other comprehensive income for the three months and three months ended on March 31, 2022, and condensed consolidated interim changes in owners' equity and cash flows for the three-months then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of these condensed consolidated interim financial information in accordance with the international accounting standard No.(34) " Interim Financial Reporting " as adopted by the Central Bank of Jordan. Our responsibility is to express a conclusion on these condensed consolidated interim financial information based on our review.

### **Scope of Review**

We conducted our review in accordance with International Standard on Review Engagements No.2410, "Review of Condensed Interim Financial Information Performed by the Independent Auditor". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters in the Bank, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information are not prepared, in all material respects in accordance with the International Accounting Standard No. (34)" interim financial reporting" as adopted by the Central Bank of Jordan.

### **Other Matter**

The accompanying condensed consolidated interim financial information are a translation of the statutory condensed consolidated interim financial information in the Arabic language to which reference is to be made.

.THE HOUSING BANK FOR TRADE AND FINANCE  
(PUBLIC SHAREHOLDING LIMITED COMPANY)  
AMMAN - THE HASHEMITE KINGDOM OF JORDAN  
NOTES TO THE CONDENSED CONSOLIDATED INTERIM  
FINANCIAL INFORMATION

---

**1. Incorporation and Activities**

- The Housing Bank for Trade and Finance ("the Bank") was established in 1973 and registered as a public shareholding limited company in accordance with the Jordanian Companies Law No. (12) of 1964.
- The Bank provides its banking and financing business activities through its headquarter in Amman – Jordan and through its branches in Jordan (113 branches) and abroad in Palestine and Bahrain (16 branches) and through its subsidiaries in Jordan, Syria, Algeria and the United Kingdom.
- The Bank’s shares are traded on Amman Stock Exchange.
- The condensed consolidated interim financial information were approved by the Bank’s Board of Directors on April 21<sup>st</sup> 2022.

**2. Basis of Preparation of the Condensed Consolidated Interim Financial Information**

- The accompanying condensed consolidated interim financial information have been prepared in accordance with the International Accounting Standard No. (34) “Interim Financial Reporting”, as adopted by the Central Bank of Jordan.
- The condensed consolidated interim financial information are prepared in accordance with the historical cost principle, except for financial assets and financial liabilities which are stated at fair value at the date of the condensed consolidated interim financial information.
- The reporting currency of the condensed consolidated interim financial information is the Jordanian Dinar, which is the functional currency of the Bank.
- The condensed consolidated interim financial information do not include all notes and information presented in the annual financial statements which is prepared in accordance with the international financial reporting standards as adopted by the Central Bank of Jordan and should be read with the Bank’s annual report for the year ended December 31, 2021. The results of the three months ended March 31, 2022 do not indicate the expected results for the year ended December 31, 2022. There was no appropriation of the profit of the three months ended March 31, 2022 which is usually performed at year end.
- The condensed consolidated interim financial information includes the condensed interim financial information of the Bank and its subsidiaries under its control. Control is achieved when the Bank has the ability to control the financial and operational policies of subsidiaries in order to obtain benefits from their activities. Transactions, balances, revenue and expenses between the Bank and its subsidiaries are eliminated.

**As of March 31, 2022, the Bank owns the following subsidiaries:**

**a. Foreign subsidiaries:**

- International Bank for Trade and Finance / Syria : paid-in capital is Syrian Lira 8.4 billion, of which the Bank owns 49.063%. The Bank has the power to control the administrative and financial policies of this bank. Therefore, its financial statements have been consolidated with the financial statements of the Bank. In this regard, the Bank's main objective is to conduct commercial banking activities, and ownership of this bank dates back to 2003. In addition, the International Bank for Trade and Finance has a subsidiary – The International Financial Center/ Syria with an ownership percentage of 85% of the company's capital amounting to 100 million SYL, whereas The Housing Bank for Trade and Finance owns a percentage of 5% of the company's capital.
  
- Housing Bank for Trade and Finance – Algeria : the ownership is 85% of the bank's capital of 20 billion Algerian dinars. The main objective of this bank is to conduct commercial banking activities, and ownership of this bank dates bank to 2002.
  
- Jordan International Bank / London: the Bank ownership is 75% of paid-up capital, which amounts to 65 million pound sterling (65 million shares). The main objective of this bank is to conduct banking activities.

**b. Local subsidiaries:**

- International Financial Center Company- Jordan : the Bank ownership is 77.5% of paid-up capital, which amounted to JD 5 million. The Company's main activity is financial brokerage in local and foreign markets, and it conducts purchase and sale transactions of financial instruments for customers and the company. The Bank's ownership in this company dates back to 1998.
  
- Specialized Lease Finance Company – Jordan : the Bank owns 100% of paid- in capital of JD 30 million (30 million shares). The Company's main activity is to conduct finance leases for various types of equipment and machinery, in addition to real estate, land, vehicles, and other items purchased by the company for finance lease purposes. The Bank's ownership in this company dates back to 2005.
  
- Jordan Real Estate Investments Company – Jordan (under liquidation): the Bank owns 100% of the Company's paid- up capital of JD 40,000. The Bank's ownership in this Company dates back to 1997. The Company's General assembly approved the Company's liquidation on March 1, 2022.

### **3. Significant Accounting Policies**

The accounting policies used in the preparation of the condensed consolidated interim financial information for the period ended on March 31, 2021 are consistent with those used in the preparation of the annual consolidated financial statements for the year ended December 31, 2020. However, the Bank has adopted the following amendments and interpretations that apply for the first time in 2021 and have not materially affected the amounts and disclosures in the condensed consolidated interim financial information for the period and prior years, which may have an impact on the accounting treatment of future transactions and arrangements:

#### **Amendments to IAS 1 – Classification of Liabilities as Current or Non-current**

The amendments to IAS 1 affect only the presentation of liabilities as current or non-current in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items.

The amendments clarify that the classification of liabilities as current or noncurrent is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of 'settlement' to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

#### **Amendments to IFRS 3 – Reference to the Conceptual Framework**

The amendments update IFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework. They also add to IFRS 3 a requirement that, for obligations within the scope of IAS 37, an acquirer applies IAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of IFRIC 21 Levies, the acquirer applies IFRIC 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date.

Finally, the amendments add an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

#### **Amendments to IAS 37 – Onerous Contracts—Cost of Fulfilling a Contract**

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract consist of both the incremental costs of fulfilling that contract (examples would be direct labour or materials) and an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

The amendments apply to contracts for which the entity has not yet fulfilled all its obligations at the beginning of the annual reporting period in which the entity first applies the amendments. Comparatives are not restated. Instead, the entity shall recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

#### **Amendments to IAS 16 – Property, Plant and Equipment—Proceeds before Intended Use**

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced before that asset is available for use, i.e. proceeds while bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Consequently, an entity recognises such sales proceeds and related costs in profit or loss. The entity measures the cost of those items in accordance with IAS 2 Inventories.

The amendments also clarify the meaning of 'testing whether an asset is functioning properly. IAS 16 now specifies this as assessing whether the technical and physical performance of the asset is such that it is capable of being used in the production or supply of goods or services, for rental to others, or for administrative purposes.

If not presented separately in the statement of comprehensive income, the financial statements shall disclose the amounts of proceeds and cost included in profit or loss that relate to items produced that are not an output of the entity's ordinary activities, and which line item(s) in the statement of comprehensive income include(s) such proceeds and cost.

The amendments are applied retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments.

The entity shall recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

## **IFRS Financial Enhancements 2018-2020**

### IFRS 1 First-time Adoption of International Financial Reporting Standards

The amendment provides additional relief to a subsidiary which becomes a first-time adopter later than its parent in respect of accounting for cumulative translation differences. As a result of the amendment, a subsidiary that uses the exemption in IFRS 1:D16 (a) can now also elect to measure cumulative translation differences for all foreign operations at the carrying amount that would be included in the parent's consolidated financial statements, based on the parent's date of transition to IFRS Standards, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. A similar election is available to an associate or joint venture that uses the exemption in IFRS 1:D16 (a).

### IFRS 9 Financial Instruments

The amendment clarifies that in applying the '10 per cent' test to assess whether to derecognise a financial liability, an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The amendment is applied prospectively to modifications and exchanges that occur on or after the date the entity first applies the amendment.

### IAS 41 Agriculture

The amendment removes the requirement in IAS 41 for entities to exclude cash flows for taxation when measuring fair value. This aligns the fair value measurement in IAS 41 with the requirements of IFRS 13 Fair Value Measurement to use internally consistent cash flows and discount rates and enables preparers to determine whether to use pretax or post-tax cash flows and discount rates for the most appropriate fair value measurement.

The amendment is applied prospectively, i.e. for fair value measurements on or after the date an entity initially applies the amendment.

### **Standards issued but not effective**

At the date of authorization of these condensed consolidated interim financial information, the Group has not applied the following new and revised IFRS Standards that have been issued but are not yet effective:

<b>New and revised IFRSs</b>	<b>Effective date</b>
<p><b>IFRS 17 Insurance Contracts (including the June 2020 amendments to IFRS 17)</b></p> <p>IFRS 17 establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts and supersedes IFRS 4 Insurance Contracts.</p> <p>IFRS 17 outlines a general model, which is modified for insurance contracts with direct participation features, described as the variable fee approach. The general model is simplified if certain criteria are met by measuring the liability for remaining coverage using the premium allocation approach.</p> <p>The general model uses current assumptions to estimate the amount, timing and uncertainty of future cash flows and it explicitly measures the cost of that uncertainty. It takes into account market interest rates and the impact of policyholders' options and guarantees.</p> <p>In June 2020, the Board issued Amendments to IFRS 17 to address concerns and implementation challenges that were identified after IFRS 17 was published. The amendments defer the date of initial application of IFRS 17 (incorporating the amendments) to annual reporting periods beginning on or after January 1, 2023. At the same time, the Board issued Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4) that extends the fixed expiry date of the temporary exemption from applying IFRS 9 in IFRS 4 to annual reporting periods beginning on or after January 1, 2023.</p> <p>For the purpose of the transition requirements, the date of initial application is the start of the annual reporting period in which the entity first applies the Standard, and the transition date is the beginning of the period immediately preceding the date of initial application.</p>	<p><b>The amendments are applied retrospectively for annual periods beginning on or after January 1, 2023, unless impracticable, in which case the modified retrospective approach or the fair value approach is applied.</b></p>
<p><b>Amendments to IFRS 10 and IAS 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</b></p> <p>The amendments to IFRS 10 and IAS 28 deal with situations where there is a sale or contribution of assets between an investor and its associate or joint venture. Specifically, the amendments state that gains or losses resulting from the loss of control of a subsidiary that does not contain a business in a transaction with an associate or a joint venture that is accounted for using the equity method, are recognised in the parent's profit or loss only to the extent of the unrelated investors' interests in that associate or joint venture. Similarly, gains and losses resulting from the remeasurement of investments retained in any former subsidiary (that has become an associate or a joint venture that is accounted for using the equity method) to fair value are recognised in the former parent's profit or loss only to the extent of the unrelated investors' interests in the new associate or joint venture.</p> <p>The directors of the Company anticipate that the application of these amendments may have an impact on the Group's consolidated financial statements in future periods should such transactions arise.</p>	<p><b>The effective date is yet to be set. Earlier application is permitted.</b></p>

## **New and revised IFRSs**

### **Amendments to IAS 1 – Classification of Liabilities as Current or Non-current**

The amendments to IAS 1 affect only the presentation of liabilities as current or non-current in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items.

The amendments clarify that the classification of liabilities as current or noncurrent is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of 'settlement' to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

### **Amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements - Disclosure of Accounting Policies**

The amendments change the requirements in IAS 1 with regard to disclosure of accounting policies. The amendments replace all instances of the term 'significant accounting policies' with 'material accounting policy information'. Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The supporting paragraphs in IAS 1 are also amended to clarify that accounting policy information that relates to immaterial transactions, other events or conditions is immaterial and need not be disclosed. Accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material.

The Board has also developed guidance and examples to explain and demonstrate the application of the 'four-step materiality process' described in IFRS Practice Statement 2.

## **Effective date**

**The amendments are applied retrospectively for annual periods beginning on or after January 1, 2023, with early application permitted.**

**January 1, 2023, with earlier application permitted and are applied prospectively.**

## **New and revised IFRSs**

**Effective date**

### **Amendments to IAS 8 - Definition of Accounting Estimates**

The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty".

**January 1, 2023,  
with earlier  
application  
permitted**

The definition of a change in accounting estimates was deleted. However, the Board retained the concept of changes in accounting estimates in the Standard with the following clarifications:

- A change in accounting estimate that results from new information or new developments is not the correction of an error
- The effects of a change in an input or a measurement technique used to develop an accounting estimate are changes in accounting estimates if they do not result from the correction of prior period errors

The Board added two examples (Examples 4-5) to the Guidance on implementing IAS 8, which accompanies the Standard. The Board has deleted one example (Example 3) as it could cause confusion in light of the amendments.

### **Amendments to IAS 12 - Deferred Tax related to Assets and Liabilities arising from a Single Transaction**

The amendments introduce a further exception from the initial recognition exemption. Under the amendments, an entity does not apply the initial recognition exemption for transactions that give rise to equal taxable and deductible temporary differences.

**January 1, 2023,  
with earlier  
application  
permitted**

Depending on the applicable tax law, equal taxable and deductible temporary differences may arise on initial recognition of an asset and liability in a transaction that is not a business combination and affects neither accounting nor taxable profit. For example, this may arise upon recognition of a lease liability and the corresponding right-of-use asset applying IFRS 16 at the commencement date of a lease.

Following the amendments to IAS 12, an entity is required to recognise the related deferred tax asset and liability, with the recognition of any deferred tax asset being subject to the recoverability criteria in IAS 12.

The Board also adds an illustrative example to IAS 12 that explains how the amendments are applied.

The amendments apply to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period an entity recognises:

- A deferred tax asset (to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised) and a deferred tax liability for all deductible and taxable temporary differences associated with:
  - Right-of-use assets and lease liabilities
  - Decommissioning, restoration and similar liabilities and the corresponding amounts recognised as part of the cost of the related asset
- The cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at that date.

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group's consolidated financial statements as and when they are applicable and adoption of these new standards, interpretations and amendments, may have no material impact on the consolidated financial statements of the Group in the period of initial application.

#### **4. Significant Accounting Judgments and key Sources of Uncertainty Estimates:**

Preparation of the condensed consolidated interim financial information and application of the accounting policies require management to make judgments, estimates, and assumptions that affect the amounts of financial assets and financial liabilities, and to disclose potential liabilities. Moreover, these estimates and judgments affect revenues, expenses, provisions, in general, expected credit losses, as well as changes in fair value that appear in the condensed consolidated interim statement of comprehensive income and within shareholders' equity. In particular, the Bank's management requires judgments to be made to estimate the amounts and timing of future cash flows. These estimates are necessarily based on multiple assumptions and factors with varying degrees of estimation and uncertainty. Meanwhile, the actual results may differ from estimates due to the changes arising from the conditions and circumstances of those estimates in the future.

The critical judgements and estimates used in the preparation of these condensed consolidated interim financial information are consistent with those used in the preparation of the Bank's annual financial statements for the year ended 2021.

## **5. Cash and Balances at Central Banks - Net**

The details of this item are as follows:

	<b>March 31, 2022</b>	<b>December 31,</b>
	<b>(Reviewed)</b>	<b>2021 (Audited)</b>
	<b>JD</b>	<b>JD</b>
Cash on hand and treasury	129,412,525	122,100,127
<b>Balance at central banks :</b>		
Current accounts and demand deposits	403,254,488	634,102,683
Term and notice deposits	42,963,623	48,433,251
Statutory cash reserve	199,561,419	202,351,318
Total Balances at Central Banks	645,779,530	884,887,252
<b>Total Cash and Balances at Central Banks</b>	<b>775,192,055</b>	<b>1,006,987,379</b>
<u>Less:</u> Provision for expected credit losses	(48,521)	(45,876)
<b>Net</b>	<b>775,143,534</b>	<b>1,006,941,503</b>

- There are no certificate of deposits purchased from the Central Bank of Jordan as of March 31, 2022 and December 31, 2021.
- Except for the statutory cash reserve, there are no restrictions balances as of March 31, 2022 and December 31, 2021.
- The above balances are classified under stage 1. There were no transfers between stages (1, 2 and 3) for the balances and expected loss provision or written off balances during the three months period ended March 31, 2022 and for the year ended December 31, 2021.

## 6. Balances at Banks and Financial Institutions - Net

The details of this item are as follows:

	Local Banks and Financial Institutions		Foreign Banks and Financial Institutions		Total	
	March 31, 2022 (Reviewed)	December 31, 2021 (Audited)	March 31, 2022 (Reviewed)	December 31, 2021 (Audited)	March 31, 2022 (Reviewed)	December 31, 2021 (Audited)

## 30. Lawsuits Raised Against the Bank and Lawsuits Raised by the Bank Against Others

Lawsuits raised against the Bank amounted to approximately JD 31.3 million as of March 31, 2022 (approximately JD 34,3 million as of December 31, 2021). In the opinion of the Bank's management and legal advisor, no liabilities will arise therefrom that exceed the booked provision of JD 7.2 as of March 31, 2022 (JD 7.2 as of December 31, 2021).

Other than the above-mentioned lawsuits, during the year 2019, the inspectors of the Central Bank of Algeria visited the management of the Housing Bank for Trade and Finance Algeria (a subsidiary company) and cited reports of violations attributed to the Bank related to violating some banking procedures in the Republic of Algeria. In this connection, an appealable preliminary decision by the Court of First Instance in Algeria was issued. The said decision imposed a fine of DZD 6.3 billion (Equivalent to JD 31.3 million as of March 31, 2022) on the Housing Bank for Trade and Finance / Algeria (a subsidiary company) for one of the violations. The subsidiary company appealed on the preliminary decision, and The decision of the Algiers Judicial Council was issued on May 25, 2021, which acquitted the subsidiary of all charges against it in the civil and criminal lawsuit. And, In the opinion of both the management and the legal advisor, the Bank has a strong legal position in the cassation phase.

On the other hand, the lawsuits raised by the Bank against others amounted to approximately JD 595.8 million as of March 31, 2022 (approximately JD 574.4 million as of December 31, 2021).

## 31. Fair Value Hierarchy

The following table analyzes the financial instruments recorded at fair value based on the valuation method, which is defined at different levels as follows:

**Level (1):** List prices (unadjusted) for identical assets or liabilities in active markets.

**Level (2):** Information other than the stated price included in level 1, which is monitored for the asset or liability, either directly (such as prices) or indirectly (i.e., derived from the prices).

**Level (3):** Information on the asset or liability not based on those observed in the market (unobservable information).

	<b>Level (1)</b>	<b>Level (2)</b>	<b>Level (3)</b>	<b>Total</b>
