## Review Report on Interim Condensed Consolidated Financial

### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of **Jordan Trade Facilities Company – Public Shareholding Company – (“the Company”)** and its subsidiary (“the Group”) as at June 30, 2022, and the interim condensed consolidated statements of profit or loss and other comprehensive income for the three months and six months ended June 30, 2022, the interim condensed consolidated statement of changes in shareholders’ equity and the interim condensed consolidated statement of cash flows for the six-month period ended June 30, 2022, and the notes to the interim condensed consolidated financial statements. Management is responsible for the preparation of these interim condensed consolidated financial statement in accordance with IAS 34, ‘Interim Financial Reporting’ as modified by the Central Bank of Jordan instructions. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements (2410) “Review of Interim Financial Statements Performed by the Independent Auditor of the Entity”. A review of interim condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements as at June 30, 2022 are not prepared, in all material respects, in accordance with International Accounting Standard number (34) “Interim Financial Reporting” as modified by the Central Bank of Jordan instructions.

**2) BASIS OF PREPARATION OF THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

Following are the significant accounting policies used by the Group in the preparation of these interim condensed consolidated financial statements.

**2-1 Basis of preparation**

- The interim condensed consolidated financial statements for the period ending June 30, 2022 have been prepared in accordance with International Accounting Standards No. (34) ("interim financial reporting") as modified by the Central Bank of Jordan instructions.
- The main differences between the IFRSs as they must be applied and what has been modified by the Central Bank of Jordan are the following:
  - Expected credit losses provisions are formed in accordance with the instructions of Central Bank of Jordan No. (13/2018) "Application of the International Financial Reporting Standard (9)" dated June 6, 2018, when calculating the provision for credit losses against credit exposures, the results of the calculation in accordance with the International Reporting Financial Standard No. (9) are compared with the instructions of the Central Bank of Jordan No. (47/2009) dated December 10, 2009 for each stage separately, and whichever is more strict results are taken and classified in accordance with Central bank of Jordan requirements in this regard.

**JORDAN TRADE FACILITIES COMPANY**  
**(PUBLIC SHAREHOLDING COMPANY)**  
**AMMAN – HASHEMITE KINGDOM OF JORDAN**  
**NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

- Interest and commissions are suspended on credit facilities granted to clients that are classified within stage three in accordance with the instructions of the Central Bank of Jordan According to the instructions of the regulatory authorities in which the company operates, whichever is more severe.
- Assets foreclosed by the Company in repayment of non-performing debts are presented in the consolidated statement of financial position at the value that has been acquired by the Company or the fair value whichever is lower. And are re-evaluated individually in accordance with the instructions of Central Bank of Jordan, and any impairment in its value is recorded as a loss in the consolidated statement of profit or loss, and the increase is not recorded as revenue, the subsequent increase is taken in the consolidated statement of profit or loss and comprehensive income to the extent that does not exceed the value of the decline that was previously recorded.
- These interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements prepared in accordance with International Financial Reporting Standards as modified by Central Bank of Jordan instructions.
- These interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements of the Group for the year ended December 31, 2021, Furthermore, the results of operations for the six months ended June 30, 2022 do not necessarily reflect an accurate indicator about the expected results for the year ended December 31, 2022, furthermore, provisions have not been made for period profit which shall be conducted at the end of the fiscal year.
- The reporting currency of these interim condensed consolidated financial statements is the Jordanian Dinar which is the functional currency of the Company.
- The interim condensed consolidated financial statements are prepared on the historical cost basis, except for financial assets at fair value through other comprehensive income.

**BASIS OF CONSOLIDATION OF FINANCIAL STATEMENTS**

- The interim condensed consolidated financial statements include the financial statements of the Company and the wholly owned subsidiary company controlled by it, control exists when the Company has the ability to control the financial and operating policies of the subsidiary company in order to achieve financial benefits out of their operations, all inter-company transactions, balances, revenues and expenses between the Company and its subsidiary are eliminated.
- The following are the details of its subsidiary as of June 30, 2022:

<u>Company Name</u>	<u>Authorized Capital</u>	<u>Paid-up Capital</u>	<u>Company's Ownership</u>	<u>Nature of Activity</u>	<u>Operation Country</u>	<u>Date of Acquisition</u>
<i>In Jordanian Dinar</i>						
Jordan Facilities for Leasing Co. L.L.C.	2.000.000	2.000.000	100	Finance lease	Amman	2010

The financial statements of the subsidiary are prepared using the same accounting policies adopted by the Company, changes are made to the accounting policies of the subsidiary, when necessary, to align them with accounting policies adopted by the Company.

The subsidiary's financial statements are consolidated in the consolidated income statement from the date of acquisition which is date of transfer of the controlling over the subsidiary when the company lose the control over the subsidiary it will not be consolidated.

**3) ACCOUNTING ESTIMATES**

Preparation of the interim condensed consolidated financial statements and the application of the accounting policies require the Group's management to perform assessments and assumptions that affect the amounts of financial assets and liabilities, financial assets valuation reserve – net and the disclosure of contingent liabilities. Moreover, these assessments and assumptions affect revenues, expenses, provisions, and changes in the fair value shown within the consolidated condensed statement of comprehensive income. In particular, this requires the Group's management to issue significant judgments and assumptions to assess future cash flow amounts and their timing. Moreover, the mentioned assessments are necessarily based on assumptions and factors with varying degrees of consideration and uncertainty. In addition, actual results may differ from assessments due to changes resulting from the conditions and circumstance of those assessments in the future.

We believe that our adopted estimates for the preparation of the interim condensed consolidated financial statements are reasonable and consistent with the adopted estimates for the preparation of the consolidated financial statements for the year ended December 31, 2021, except for the following:

**- Fair value measurement:**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

1- In the principal market for the asset or liability, or

2- In the absence of a principal market, in the most advantageous market for the asset or liability,

In measuring the fair value of the assets and liabilities, the Group uses observable market inputs as possible. The Group determines fair value using valuation techniques. The Group also uses the following levels, which reflect the importance of the inputs used in determining the fair value.

- **Level 1:** Quoted (unadjusted) prices in an active market for identical assets or liabilities.

- **Level 2:** input-based valuation techniques with the exception of prices included in level 1 that determine the assets or liabilities directly or indirectly.

- **Level 3:** Methods for assessing assets or liabilities using significant inputs that do not depend on available market information (unobservable inputs) if the inputs used to measure the fair value of the assets, The Group recognizes transfers between the fair value levels at the end of the reporting period at the same time that the change occurs.

Management believes that the estimates included in the interim condensed consolidated financial statements are reasonable and sufficient.

**- The impact of (Covid-19)**

The Coronavirus (Covid- 19) pandemic has spread across different geographic regions of the world, leading to disruption of business and economic activities. The Coronavirus (Covid -19) pandemic has caused suspicion at the global level. Financial and monetary authorities, both local and international, announced various support measures around the world to counter the potential negative impacts, as at the present time, after most countries of the world have removed restrictions and closures, returned to normal life and returned to the gradual raising of interest rates to face the high rates of inflation caused by the fluctuations in the European continent.

At the present time, there is a significant increase in uncertainty in determining the economic impact that follows the possibility of the pandemic ending due to global economic conditions and the possibility of entering a recession.

The Risk Management Department will continue to closely monitor the situation through its business continuity plan and other risk management practices to manage any potential disruptions to the Company's business, operations and financial performance.
